House Begins FEPC Hearings

Bennett Says Bill Backed By Commies

Washington, May 10—(AP)—A charge that "Communists and long-haired agitators" are behind fair employment practices law proposals was challenged today by the negro chairman of a congressional group.

Rep. Bennett (D-Fla.) made the charge of opening hearings on legislation to create a permanent fair employment practices commission (FEPC).

Chairman Powell (D-N.Y.), negro chairman of a House labor subcommittee, smiled broadly at Bennett and, holding aloft a copy of the administration's bill, remarked that "President Truman wrote, and the chairman of the Democratic party introduced it in the Senate."

Sharply conflicting views demonstrated legislators are about as widely disagreed as ever on the FEPC idea. The testimony ranged from advice of a southerner, Rep. Battle (D-Ala.), to "forget the whole thing, to that of an easterner, Rep. Dolinger (D-N.Y.), that hiring discrimination has "brought shame to this nation."

Views expressed by a number of House members at the hearing showed that battle lines for and against FEPC within the democratic ranks are still tightly drawn. Critics and even some friends of FEPC are doubtful it can get through this Congress.

Nine bills before Powell's committee seek a legal ban against employers discriminating in hiring because of race, religion, color, national origin or ancestry. It is proposed that an FEPC be set up to administer this policy.

Works Successfully
Rep. Howell (D-N.J.) said a New Jersey FEPC law is working successfully. But Rep. Hoffman (R-Mich.) opposed the idea of the federal government telling employers whom they should or shouldn't hire. Hoffman said prejudices could best be eradicated by education.

The Powell committee's hearings on FEPC—most controversial item in President Truman's civil rights program—are expected to run for three weeks.

Meanwhile support for another Truman civil rights proposal, a law to abolish state poll taxes as a requirement for voting, came from a Virginian.

Miss A. Plunkett of Roanoke, Va., candidate for the democratic nomination for Virginia attorney general, said the poll tax amounts to "dollar disfranchisement." Virginia has a poll tax. Plunkett testified before a House administration subcommittee.

American Legion Marks 30th Year Of Its Founding

Washington, May 10—(AP)—Forty-five founders of the American Legion entertained 30 prominent guests tonight at a dinner marking the 30th anniversary of the organization.

Top brass of the armed forces was there except for Secretary of Defense Johnson, a former national commander of the legion. Johnson expressed regrets by telephone from Rochester, Minn., where Mrs. Johnson is undergoing a medical check-up.

Col. Lawrence Whiting, Chicago, president of the society of American Legion founders, described the dinner as strictly social.

The American Legion was founded at caucuses in Paris, France, March 15, 1919, and St. Louis, Mo., May 8, 1919. The legion estimates that about half the 1,600 men who took part in the caucuses are still living.

Hold Youth, 17, For Investigation In Church Murder

Roanoke, Va., May 10—(AP)—Superintendent of Police, Stuart A. Bruce said tonight that Lee Scott, 17-year-old Jefferson high school junior is being held for investigation in the slaying of Dana Marie Weaver, 16. Her body was found early yesterday in the kitchen of Christ Episcopal church here. Bruce said no charge had been placed against the youth.

The police officer said the youth was taken into custody after an anonymous telephone call to police, and also after reports from high school students that his face was apparently scratched. The slayer of the girl was believed by police to have been scratched by the girl in the fight which ended in her death.

Police officers quote Scott as saying marks on his face and hands were caused by poison ivy.

Negro Catches Boy, 19 Months, As He Falls From Window

Baltimore, May 10—(AP)—A 19-month-old boy fell out of a second story window last night but a negro laborer saw him coming and broke his fall enough to prevent serious injuries.

The first Mr. and Mrs. Ralph Kennedy knew about was when they answered a rap at the door to find Walter Harvey standing there with the baby in his arms.

"Lady," he said, "here is your baby. It fell out of the window and I broke its fall as much as I could."

A police squad took Mrs. Kennedy and son Jimmy to a hospital, where doctors found a few scratches on Jimmy's tummy, a bruise on one knee, and nothing else wrong.

Harvey said he noticed the baby playing in the window but "I saw he was holding someone's hand and I didn't think much more about it."

"Then I saw it was a little girl playing with him."

"One of his hands got loose and then he fell," Harvey added. "I ran toward him as fast as I could and reached him just as he was nitting the sidewalk."

"I caught him under the stomach. His forehead and feet hit the sidewalk. He had fainted. I shook him a little and then took him upstairs."

Clay Says All Must Be For Bonn Charter

Berlin, May 10—(AP)—Americans want to see Germany united, provided all sections have "the same guarantees of freedom as contained in the Bonn constitution."

Clay, who is retiring five days hence from the position of U. S. military governor, spoke at a farewell ceremony in the German bizonal economic council at Frankfurt.

A constitution containing an elaborate bill of rights was adopted for the western zones of Germany by a German parliamentary convention at Bonn Sunday.

The Bonn constitution excludes the Soviet zone for the present. Convention leaders said the Soviet zone did not guarantee the democratic rights, including free elections, that exist in the western zones.

Clay told the German to strive toward three things: To understand liberty, to have the will never to give it up, and to use their liberty properly.

Dr. Erich Koehler, council president, said in reply:

"Tell President Truman that we want a united Germany, but a united Germany in which the eastern zone has the same human rights and the same unhindered political and spiritual liberties which the allied powers have brought to realization in the west zones. May the council of foreign ministers come to the same decision."

Present Painting
German officials from Hesse presented Clay a German landscape painting. The council plans to give him a cup, but it is not yet completed.

Soviet Russia apparently served notice today she will not support any changes in Germany's redrawn eastern frontiers.

Walter Ulbricht, chairman of the Soviet-sponsored social union (communist) party in east Germany, declared in an interview in the party newspaper that the Oder and Neisse rivers are recognized as Germany's peace border with Poland.

British Foreign Secretary Bevin declared in a news conference here Sunday he believed the question of Germany's eastern frontiers should be studied by a committee which would report to any peace conference on Germany.

This gave rise to a belief in some quarters that the frontier question, would be reopened, although Russia has contended it was settled finally at Potsdam. Poland has expected Germans from the vast area of territory between her old western border and the two rivers and pressed resettlement by Poles.

Clay said he did see inconsistency "in maintaining diplomatic relations with Russia and refusing to maintain them with Spain."

"A great many people have a false idea in mind," Connally went on. "We maintain our ambassadors in foreign countries to represent the United States and not to represent some other government."

'Boss' Hague Loses Political Grip In Jersey Elections

Jersey City, N. J., May 10—(AP)—Frank "Boss" Hague's iron grip on the political destinies of this Democratic stronghold was broken today.

His city commission ticket lost for the first time in three decades. Hague's reign came to an end at the hands of a fusion group, whose five-man ticket swept into office in today's election.

The Fusionists trounced the incumbent regular Democratic slate—backed by Hague.

The 73-year-old Hague himself was not a candidate. His ticket was headed by his nephew, Frank Hague Eggers, who became mayor two years ago when Hague stepped down after 30 years in office.

The Eggers-Hague ticket was licked by a ticket headed by John V. Kenny, once one of Hague's lieutenants who broke with him.

Complete unofficial returns gave Kenny, a wealthy contractor, 8,117 votes. He was high man. Lowest vote on the Fusion "freedom for all" ticket was James F. Murray, Sr., with 73,448 votes.

Washington, May 10—(AP)—A former Polish general testified today that Moscow-directed agents expected to "break up the United States" into a series of small separate nations of negroes, Germans and other racial entities.

Gen. Izydor Rudolf Modelski, former military attaché at the Polish embassy here, told a Senate judiciary subcommittee he received word of the plot from an alleged master spy named Col. Gustav Alefbockolwak.

The witness said Col. Alef posed as his deputy on the Polish embassy staff but in reality was "one of the most important communists and an agent of the NKVD, which is the Russian secret police."

Modelski said Col. Alef told him: "It is a fairly easy job to undermine United States production. There will be a revolution. They expect to break up the United States into small groups. They will have a negro nation, a Yugo nation, a German nation, and so forth."

He proposed that the government replace only half its job vacancies and drop the "drones."

The decline in consumers' income, a prime source of federal revenue, was most severe in March, the Commerce department reported, when personal incomes fell \$2,000,000,000 below the previous month.

The March slump brought the first quarter's income rate down to a total of \$216,700,000,000 figured on an annual basis, as compared with \$214,300,000,000 for the last three months of 1948.

Shrinkage In Wages
The department attributed most of the decline to new shrinkages in wages and salaries as a result of lay-offs and shortened work hours in manufacturing plants. For example, it said farm income in March dropped only \$50,000,000 below the previous month, but non-agricultural workers received \$1,500,000,000 less, figured on an annual rate basis.

The report brought into sharp focus the mounting dispute over what steps the government should take to meet the twin problems of slackening business activity and unemployment.

On this score, Senator Martin R. Pat, told his colleagues today that unless Congress acts quickly to slash President Truman's spending proposals this country "may face bankruptcy."

The time has come, he said, for the lawmakers to "put aside our pet projects" and to trim military and foreign aid outlays "to give us an opportunity to keep America solvent."

Washington, May 10—(AP)—Farmers are getting a good start on the new crop season which already promises to produce a near-record wheat yield.

The department of agriculture gave that summary today in a report which estimated the favorably progressing winter wheat crop at 1,021,476,000 bushels.

This estimate is nearly 2,000,000 more than was forecast a month ago. It compares with 990,000,000 bushels last year and with an average of 726,550,000 bushels for the last 10 years.

No official forecast was given on spring wheat. But the department said prospects point to around 300,000,000 bushels for that type of wheat. Added to the winter wheat estimate, that would yield a total crop of 1,321,000,000 bushels. The record is 1,368,000,000 set in 1947. The 10-year average is about 945,000,000 bushels.

Officials said such a crop would create a surplus and might lead to government controls designed to cut the acreage in 1950 between 15 and 25 percent. Controls would include planting restrictions and possibly marketing quotas for individual farmers.

Chicago, May 10—(AP)—An expected decision on the Illinois Bell Telephone company's request for emergency rate increases totaling \$34,100,000 failed to materialize today.

Illinois Bell's proposal is in the hands of the Illinois Commerce commission.

After an all-day session, Walter T. Fisher, commission chairman said there would be no decision today. He could not say when a ruling now might be expected.

Commission members yesterday had indicated the decision would come today. Another closed session will be held tomorrow.

Fisher declined to say if the five commissioners are split on the question of granting or denying the rate boost, or if only the amount is in dispute.

Any such increase would affect 2,432,000 Illinois Bell customers in 600 communities. The number of customers in Chicago alone is 1,472,000.

SHIP LIVER AND MILK
New York, May 10—(AP)—The United Nations will ship 4,000,000 fish liver oil capsules and 250,000 pounds of dried skim milk to the Philippines soon for a child-feeding program.

Springfield, Ill., May 10—(AP)—A bill to legalize bingo for educational, charitable or religious purposes failed to win approval today in the Illinois House.

After opponents denounced it as an opening wedge for "all sorts of gambling," 57 members voted for and 58 against passage. Approval required 77 votes.

Sponsors kept the measure technically alive by postponing completion of the roll call. But opponents said the vote in effect killed the bill's chances.

The bill ran into a strong protest from the Springfield Ministerial association and other Protestant clergymen from various parts of Illinois.

Rep. T. J. Sullivan (D-Springfield), one of 44 legislators who submitted the proposal, said bingo is a harmless game and should be legalized, the same as horse racing betting.

To this, Rep. G. William Horsley, House run to cover.

Rep. Paul H. Ferguson (D-Decatur) said bingo cannot be legalized because it would conflict with the state constitutional ban on lotteries.

Several legislators read telegrams they received from ministers assailing the bill and criticizing them for "taking part in this wicked proposal."

Sullivan, in calling off the roll call after seeing he was losing, remarked: "pressure from these telegrams has made members of the House run to cover."

Burglar Brings Back Military Cross

London, May 10—(AP)—Singer Judy Shirley's apartment was burglarized recently and among the items missing was a military cross awarded her fiancé.

Today she found the medal in a box in the doorway to her apartment. With it was a note saying: "I can't keep this. I fought, too."

It was signed: "Your last burglar."

Washington, May 10—(AP)—Opposition to President Truman's proposed tax increase mounted in Congress today with Senator Douglas (D-Ill.), usually rated a liberal, calling for a curb on "waste of money and personnel."

"To be a liberal one does not have to be a wastrel," the freshman senator told his colleagues. "We must in fact be thrifty if we are to be really humane."

Douglas spoke shortly after official reports told of a \$2,900,000,000 drop in consumer income the first three months of 1949.

Changed For The Worse
Conditions have changed "for the worse" since President Truman drafted his budget, Douglas said.

"I submit," he added, "it would be very foolish for us to act on the basis of conditions five or six months ago. Under present conditions, with business declining, it would seem to me to be extremely unwise to increase taxes further."

"Our first job is to fry the extra fat out of our departments and agencies."

He proposed that the government replace only half its job vacancies and drop the "drones."

THEY JUST THINK THEY'RE GAMBLING

The carnival season is in full swing. The second outfit has come to Jacksonville already and still another is due to arrive this month. All are sponsored by veterans organizations, and for this reason we do not think it inappropriate to call attention to the leading article in the May issue of the American Legion magazine.

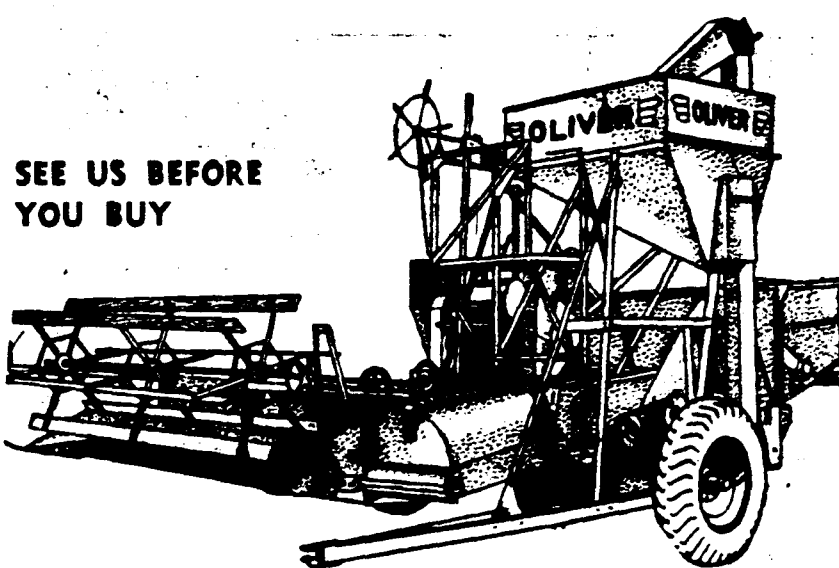

Entitled "Step This Way Sucker," the article reveals the tricks and swindles practiced by the "carnies" on patrons who think they are gambling. The author, Michael MacDougall, who toured with carnivals and learned first hand how unsuspecting dupes are defrauded, points out that there isn't really any gambling to it. The sucker not only does not get an even break, he doesn't get any break at all.

Carnivals are lots of fun for children; they love the excitement of the Ferris wheel, Merry-go-round and other rides. But a carnival is no place for anyone with the gambling urge.

National Society Fights Against Cerebral Palsy

By Edwin P. Jordan, M. D.
Written For NEA Service.

There are thousands of unfortunate children who suffer from a muscular affliction caused by injury to their brains which occurred before, during, or immediately after birth. This muscular disability is sometimes called spasticity. A better medical term is cerebral palsy.

Who Worries Most—Mice Or Psychologists?

By HAL BOYLE

Much has been done for the cerebral palsied child in the past. The interests of these children are being even better cared for today by the National Society for Crippled Children and Adults—an organization which has branches in many cities and states.

This society acts as a clearing house to provide information on this little-understood and long-neglected problem. It aids also in improving state and local groups with the skill and consultation needed to organize and develop treatment centers.

CARE REQUIRED
The need for this work can be readily recognized when it is realized that children handicapped by cerebral palsy require mental as well as physical treatment.

Speech difficulties may be present which require long and patient care. The condition poses educational and psychological problems which require lengthy and careful handling. In many cases special schools or special instruction within regular schools must be employed.

On the physical side, long-range planning is essential. Muscle training must be started as soon as possible.

Sometimes these youngsters have superior intelligence. It is, of course, most desirable that this be developed but it cannot always be done in regular schools.

For this reason it is necessary to train many nurses, psychologists, and teachers who understand the special problems involved. The encouragement which the National Society for Crippled Children and Adults has given to this movement is most praiseworthy.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

QUESTION: What are the symptoms of a tumor of the stomach?
ANSWER: This is difficult to answer. Symptoms may be extremely slight and may vary from person to person, depending in part on the location of the tumor. Unfortunately it is not possible to make a diagnosis of tumors of the stomach from the symptoms alone.

Major Servais Is Appointed County Probation Officer

The appointment of Major Henri Servais as probation officer in Morgan county was announced Tuesday by Judge Paul Fenstermaker.

Major Servais, who has had more than 22 years experience in social and welfare work, will investigate all cases referred to him by the county court and other courts. He will also handle juvenile and delinquency cases requiring court attention.

In making the appointment, Judge Fenstermaker said the full time probation office will be established on the second floor of the court house in the space formerly occupied by the old age pension office, which was moved to East State street several months ago. Major Servais will be assisted by Wanda Moore, who will be in charge of the office.

Major Servais will continue his duties as Salvation Army officer. In addition to his work with the county.

BETROTHED

MISS IMOGENE BARNETT

Mr. and Mrs. Robert Barnett of Winchester route 1 have announced the engagement of their daughter, Miss Imogene Barnett, and Lyndie E. Schafer, son of Julius Schafer of Pittsfield.

Miss Barnett was graduated from the Winchester High school in 1947. She is employed at the B.J. cafe in Winchester.

Mr. Schafer is a graduate of Pittsfield High school with the class of 1945. He served with the U. S. Marines in China for several months and for the last year and a half has been manager of the Scott County Feeder Supply Co.

Mary Jane Turner Becomes Bride Of Harry L. Campbell

Miss Mary Jane Turner, daughter of Mr. and Mrs. Robert H. Turner of Virginia, and Harry Lee Campbell, son of Mrs. Eva Campbell of Litterberry and the late John L. Campbell, were united in marriage Sunday, May 8, at 2 p.m. in a single ring ceremony performed by the Rev. William J. Boston at his home, 903 North Church street.

The bride was attired in a street length dress of lavender. Her corsage was of pink carnations.

Mrs. A. L. McDaniel, who served as matron of honor, wore a street length dress of black and white print, with a corsage of white carnations. A. L. McDaniel of Springfield, cousin of the bridegroom, was best man.

Mr. and Mrs. Campbell will reside on a farm northeast of Litterberry.

MANY FARMS STILL UNMECHANIZED

Council Bluffs, Iowa — (P) — Fay Boyer, owner of an implement shop in Council Bluffs, says five per cent of the farmers in southwest Iowa still operate with horse-drawn equipment.

"And you are wasting your breath talking powered equipment to them," he says. "They have their own system of farming and reason why change?"

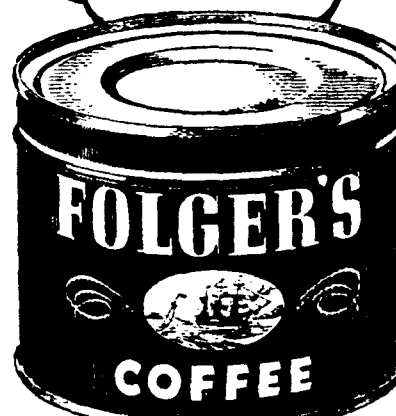

He said there are two distinct types still using horses—the young man just starting out and the "old timer."

Second In Series Of Paintings Now Shown At College

Now on display in Pfeiffer library of MacMurray college is the second picture of a series borrowed from private collections to be exhibited singly. The present work is an oil painting by Hans Moeller, a German-born American familiar to many through his dual roles of painter and advertising artist.

Interested observers detect certain similarities between the work of Moeller and that of Paul Klee, whose watercolor was exhibited just previous to this painting, but Moeller is in no sense a copyist of the older artist. In the way in which he grows from art, Moeller has absorbed what he needed from his predecessors and resolved it into his own individual expression.

Lenders of this painting are Mr. and Mrs. Fred Olsen of Alton, Mo. Olsen, an executive of the Western Cartridge Co., is rapidly building up one of the country's most important modern art collections. He and other members of his family also paint pictures of high calibre and are interested not only in collecting but in trying to select that which has quality, vitality, and direction from the panorama of contemporary American art.

As a companion piece to the Moeller painting, there is an ink drawing by the famous French painter, Ferdinand Leger, which is the property of James Guy, head of MacMurray's art department.

The public is cordially invited to view both pictures, which are displayed in the trustees' room of the library, together with books, catalogues, and illustrated material on these artists.

Births

Twins, a son and a daughter, were born Tuesday at Our Saviour's hospital to Mr. and Mrs. John Mesmore, 325 East Douglas avenue. The son was born at 8:50 a.m. and weighed seven pounds three ounces. The daughter weighed six pounds 33 ounces and was born at 8:55 a.m.

Mr. and Mrs. Glenn Davis of Virginia are parents of a daughter born Monday at 5:50 p.m. at Our Saviour's hospital. The weight was seven pounds three ounces.

Lois Camerer, Harold Goodman Exchange Vows

Jerseyville.—Miss Lois Camerer, daughter of Mrs. Cecil Camerer of Jerseyville, and Harold Goodman, son of the Rev. and Mrs. John Goodman of Carrollton, were united in marriage at 4 p.m. Saturday at the parsonage of the First Baptist church of Jerseyville. The Rev. Gerald H. Grover, pastor of the church, officiated at the single rites.

Mr. and Mrs. Darrell Smith of Jerseyville served as attendants. The bride chose for her wedding an afternoon dress of orchid with navy accessories. Her corsage was of white carnations.

Mrs. Smith's costume was of blue with matching accessories. Her corsage was also of white flowers.

Following a short wedding trip Mr. and Mrs. Goodman will establish their residence at 4-5 South Liberty street in Jerseyville.

The bride attended the Greenville schools and Jersey Township High school and was formerly employed at the Thrifty drug store in Jerseyville.

Mr. Goodman was educated in the Greene county schools and is now in the employ of E. V. Embley and Son in Jerseyville.

A surprise party was given in his honor Monday evening by the faculty members of both the grade and high school. The occasion served as a farewell party and also marked the observance of Mr. Short's birthday anniversary.

The group presented Mr. Short with a gift. Twenty-five persons attended the party.

American cities grew at a much slower rate in the 1930-40 decade than ever before.

White Hall Couple Married At Church Sunday Afternoon

White Hall.—The marriage of Miss Louise Suttles, daughter of Mr. and Mrs. Leo Suttles of White Hall, and Pfc. William C. Fry, son of Mr. and Mrs. William C. Fry, Sr., also of White Hall, was solemnized at the First Baptist church Sunday afternoon at 3 o'clock. The double-ring ceremony was performed by Rev. Ben S. Bohm.

Neil Fansley was ring bearer and Veronica Nash flower girl. The groomsmen and ushers were Richard Standefer, cousin of the groom, Bill Driver and Pfc. John Wyatt.

Delores Suttles, sister of the bride, was maid of honor. Her gown was of blue taffeta with matching mitts and she carried pink sweet peas. Josephine Nash and Louise Keeney were bridesmaids. Miss Nash's gown was yellow moire taffeta, with matching mitts. Both carried white flowers and wore orange blossoms also.

The bride, given in marriage by her father, wore a white satin gown with a mesh yoke, long sleeves ending in points over the hands, a tightly fitted bodice and with a full skirt ending in a long train. Her finger-tip veil cascaded from a halo headdress or orange blossoms. Her only ornament was a strand of pearls, gift of the bridegroom, and her bouquet was red roses centered with white gardenias.

A reception followed the ceremony. Mrs. Elmer Suttles, sister-in-law of the bride, had charge of the serving, with Misses Phyllis Fry and Barbara Fullerton assisting. The couple then left on their wedding trip. The bridegroom is to report May 15 to his army base at Carswell, Texas, and the bride will return to her position in St. Louis temporarily.

Here's Comfort with a capital "SEE"

LOOK at it — standing clean-lined and massive before you, its brightwork gleaming, its lines clean and sweeping, its tidy Ventiports marking it unmistakably for what it is, a 1949 Buick.

Size it up — for room plainly expressed in its broad beam, for level-going smoothness in its sizeable length.

Then—slip in. Settle back. Take in the room for arms and elbows, for hips and legs. Notice the softness

of its seats that cleverly give you extra room overhead as well as deep-cradled comfort.

Then notice this: You can really see!

See traffic lights easier through its higher windshield, spot approaching side traffic more quickly, past narrower corner posts.

See the countryside more fully through deep side windows, see to back up and park through its big one-piece rear window.

Your whole outlook is broadened and driving becomes both safer and more fun because high visibility here goes along with comfort!

So do plenty of other things:

Dynaflow Drive, for instance, now optional on SUPER models, standard on ROADMASTERS. Self-setting valve lifters that keep this lively Hi-Poised Fireball engine lastingly quiet. Coil springs all round, and big soft tires, and extra-wide rims for comfort with safety and traction.

And all at price tags that make this beauty the buy of the year!

Why not see for yourself at the nearest Buick dealer's, where you will find your dollars buying so much you'll get your order in fast.

BUICK alone has all these features

Silk-smooth DYNAFLOW DRIVE* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRUFLUX COIL SPRINGING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Cruiser-Line VENTIPORTS • Low-pressure tires on SAFETY-RIDE RIMS • DUREX BEARINGS, main and connecting rods

Ceremony Unites Jerseyville Girl, Roodhouse Man

Jerseyville—Miss Phyllis Schaff, daughter of Mr. and Mrs. William Schaff of Jerseyville, became the bride of Harold Stone, son of Mrs. Edith Littleton of Roodhouse, at the First Methodist church in Jerseyville on May 7. The single-ring service was performed by the Rev. Dale Haimon Pastor.

Mr. and Mrs. John Randolph of this city, brother-in-law and sister of the bride, were the attendants.

Miss Schaff wore a summer suit of navy blue, with navy accessories and a corsage of ten pink and white carnations.

Mrs. Randolph was attired in an afternoon dress of orchid with which she used white accessories. Her corsage was composed of ten yellow roses.

Following the wedding, a reception was given at the home of the bride's parents. A three-tiered wedding cake centered the refreshment table and spring flowers were used for decorations.

The former Miss Schaff attended the Jerseyville schools and has been employed at the Jerseyville branch of the International Shoe company.

Mr. Stone attended the White Hall high school and has a position with Nesco in Jacksonville. He is a veteran of World War II, having served eighteen months with the Army. He and his bride will make their home in Roodhouse.

ISLAND OF ESCAPE

By Hugh Lawrence Nelson

THE STORY: Four lonely women, selected through a matrimonial club, are guests of Henry Gough Harding, eccentric master of Speare Island, who seeks to create a "New Eden" and new way of life. Four fresh graves on the island terrify Agnes Elfrith, one of the women, till it is explained that these are graves of workmen killed by accident. Then Bea Conroy and Harding find four fish, staked by crosses on the beach. Bea continues exploring the island and remembers that she must not think of herself as Bea Conroy, but as "an avenger." She has an automatic pistol hidden in the house. Harding does not suspect her. In fact he trusts her and in doing so makes a revelation concerning the island.

VIII
BEA felt Harding's stare, knew he was far from as drunk as he pretended. "You might like to see my 'History of Speare Island.'"

"Anything you want to show me," she knew she had put the proper unconcern in her voice when he laughed.

"With your training," he said, "you might even work up to assistant historian. Sit at the desk here." He took the leather-bound notebook from a locked drawer and put it down before her, opened to the first page. It was hand written, in neat cursive script. She read aloud:

"In the year of our Lord, 1867, H. M. S. Lightningbolt, commanded by Sir Rodney Fowles Speare, was blown by a storm into waters unknown to the captain or any of his crew. Land was sighted, yet since dark was at hand, Sir Rodney gave orders for the ship to be hove to until morning.

"By light of day the land was found to be a small island. The currents in the visible landings place were strong and treacherous, and only a great need for fresh water prompted Sir Rodney to make an attempt to land.

"Three boats, loaded with casks, made the effort and two of them succeeded in reaching the beach on the east side of the island. The third was not so successful. It capsized near the entrance of the cove and the crew was seen no more.

"Of the two crews who landed, one made their way up the steep cliffs to a natural spring of sweet water and began immediately the

labor of filling the casks. The second crew progressed inland, but returned most quickly bringing with them a story of the horror they had heard and seen. They had found a cave, a cave with an arched opening in which was a pile of yellow, gleaming gold—"

"GOLD? Where's the gold? What goes on here?" Lilly Warren demanded from the doorway. Behind her were Agnes and Mabel Jones.

"I'm reading aloud," Bea said. "Reading? Lilly said scornfully. 'Reading! Well think of that. Come on girls. Let's have a drink.'"

Harding had paid no attention to the interruption so Bea went on. "But when one of the sailors, braver than the rest, approached the pile of precious metal and snatched up a small piece, from the depths of the cave was heard the panting and gasping of the monster guardian of the treasure."

"The terror of the men was so great they would not leave the tiny beach again, and in fact only a small part of the water casks were filled.

"Lured by the piece of gold the sailor had clutched even in his flight, Sir Rodney had himself rowed ashore and since no one would accompany him, went alone to investigate. He did not return. For two days the Lightningbolt lay offshore, until driven before a violent storm.

"Reaching England eventually, the tiny island was given the name of the man it had killed, Speare Island. And the sailors themselves spoke often of the Place of the Monster and the Cave of the Gasp—"

Harding interrupted. "How do you like it?" he asked with pretended indifference.

"It—it's very interesting," Bea said carefully.

"I found the cave you mentioned," she added.

"I wondered if you had. I was going to show it to you on our way back up. There really isn't any mystery about it. The cave drops deeply at one end. There is a huge rock, balanced, caught between immovable masses that form a perfect natural hinge. The action of tides in the underground opening to the sea makes the rock

swing back and forth. It makes the sound."

"What makes the smell?"

"The smell? There's no smell but the sea."

"It—it really smelt to me like the lair of a wild animal."

Harding chuckled. "Your imagination. Or it's possible a sheep might have wandered inside and fallen. That rock moves its top end enough to crush out a life. Now, I'd better fix drinks for the others. Read on if you like."

WHEN she was alone she skimmed quickly through the pages. She read carefully the part which told of Harding's acquisition of the island, his first landing with gangs of men and loads of materials to begin the construction work. One paragraph dated only a few months previously called for special attention.

The first accident today. A premature blast caught four workmen, carried them with a mass of rubble down the slope and left them at the cliff foot half in and half out of the water. All quite dead. Stupid fools. How was I to know they did not understand when I told them to get out and set off the blast?

A few pages later she found the entry:

This day I have chosen from the applicants four who might prove worthy to share the life on Speare Island with me. Astonishingly few applied, which I cannot understand. But in a few short weeks now the new era of life on Speare Island will begin—

Bea looked up again, saw Harding watching her from the doorway. "How much of this is true? I mean of the old history of the island?"

"You're discerning," Harding said. "I was right to trust you to read. I am making history here. What is written is the way I want it to be. So it is true. The past and the present, I control and make them both."

"And the future?"

"That too I shall control," Harding said firmly.

Mabel Jones called, "There's something at the door."

"Impossible," Harding snapped. "It's the wind."

Lilly Warren screamed, "A face! A face I tell you. A white face at the door."

"Smartest number on the road!"

THAT'S WHAT OWNERS SAY ABOUT THIS HANDSOME NEW 1949 MERCURY!

Why is this long, low, massively beautiful new 1949 MERCURY the most-bragged-about car in America? Because it's the stand-out car on the road today! Owners say there just isn't a sweeter-looking automobile. And there isn't!

SURE it's mighty good looking—but there's a world of other fine features under the handsome lines of your 1949 Mercury, too!

And every one of them has been road-proven by thousands of owners for millions of miles!

You get a powerful new 8-cylinder, V-type engine with surprising economy. Owners claim 17, 18, 19 miles per gallon—and up! Front coil springing! A truly restful "comfort-zone" ride! Easier steering! "Super-safety" brakes! Softer, broader seating! Increased all-round visibility, too!

Just drive it—and you'll say: "It's Mercury for me!"

New York Stock Market

New York, May 10.—(P)—Mild selling pressure tilted the stock market a bit lower today.

The trend was far from decisive but losses were in a majority and buying forces showed little inclination to offer any real support.

Declines were fractional for the most part, with a few amounting to a point more. Numerous stocks were either unchanged or slightly higher. Business proceeded at a dawdling rate after an opening batch of orders was taken care of. Turnover was at the rate of only 100,000 shares for the full session.

Ahead most of the day were Republic Steel, Studebaker, Firestone, Montgomery Ward, Electric Power & Light, Phelps Dodge, N. Y. Central, Northern Pacific and Standard Oil (N.J.).

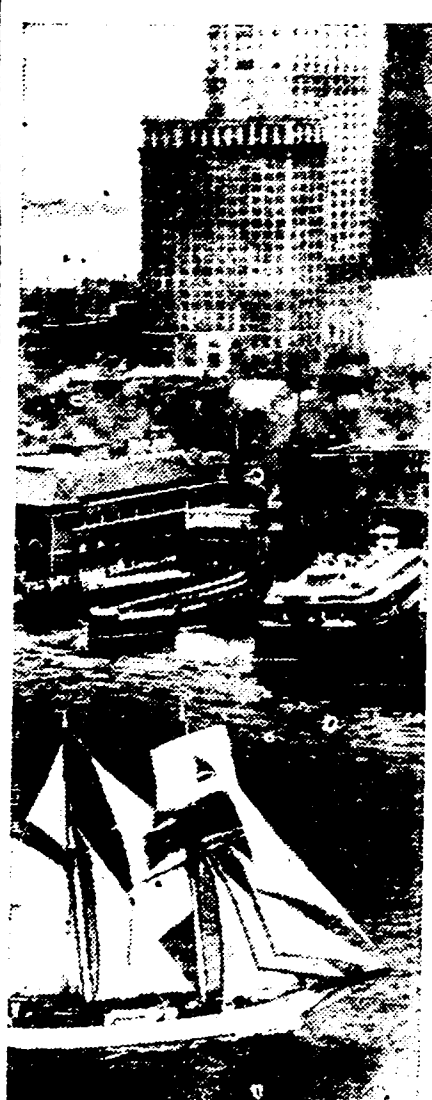

U. S. Steel, on comparatively large turnover, lost around a point.

Others lower included Youngstown Sheet, Goodrich, Illinois Central, American Telephone, John-Manville, Radio Corp. and U. S. Gypsum. Corporate bonds tended lower. A couple of U. S. government issues were shaded a trifle in over-the-counter dealings.

"Old Brass Backs", the first practical pumping fire engine, was devised by Thomas Lote, cooper and boat builder, and given to New York City in 1743.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 10.—(P)—Livestock again followed divergent trails to the scales today. Hogs were weak to 25 cents lower but cattle were steady to 50 cents higher and sheep were steady to strong.

Butcher hogs generally fetched \$16.50 to \$18.60 but the top price was \$18.75. Sows ran from \$16.25 downward to \$14.50 and below.

Choice steers topped at \$28 and ranged downward from that level to \$26.50. Medium to low-choice steers took \$22.50 to \$25.75. High-choice heifers went as high as \$26.75, and good to low-choice kinds were \$24 to \$25.50. Sausage bulls topped at \$22 and vealers at \$26.

Good to choice clipped lambs were the best available in that division, bringing \$29.25. Shorn ewes topped at \$13.

Salable receipts included 9,500 hogs, 6,000 cattle, 500 calves, and 1,000 sheep.

Markets At A Glance

New York, May 10.—(P)—Stocks—Irrregular; leaders see-saw. Bonds—Lower; trading expands. Cotton—Quiet; old crop months draw support.

Chicago—Wheat—Firm; closed higher short covering and new flour buying. Corn—Firm; advanced with wheat—light country offerings.

Oats—Steady; advanced with corn.

Soybeans—Firm; advanced with wheat.

Hogs—Weak to 25 cents lower; top \$18.75.

Cattle—Steady to 50 cents higher; top \$26.00.

ISD MILER CRACKS RECORD

Maurice Ellis, ISD's crack miler, is snapped as he completes the final sprint that netted him a record breaking time of 4:51.3 in the mile run at the J.H.S. 19-team invitational track Saturday afternoon.

Ellis broke his own record when he set this new mile mark. The Yates-coached boy established a 4:33.45 in the first annual J.H.S. invitational meet last year. Several interested local track enthusiasts watch the official timer getting ready to count the seconds.

MAY CONTRACT LAGS BUT OTHER WHEAT DELIVERIES SOAR

Chicago, May 10.—(P)—Grains developed a firmer tone toward the close of today's Board of Trade session. The action of wheat at Minneapolis and Kansas City was reflected in additional buying here. The May wheat contract was inclined to drag at times, but other wheat deliveries and corn pushed to the day's high.

Some of the buying in corn was credited to traders who had been on the selling side earlier.

The five day weather forecast predicting warm weather and little moisture, dried up offerings in the deferred wheat contracts.

At the finish wheat was 11 to 13 higher than yesterday's finish. May \$2.23-22. Corn was 1 to 1 cent higher. May \$1.36-1. Oats were 1 to 1 higher. May 66-1. Rye was 1 higher. May \$1.26. Soybeans were 1 cent higher. May \$2.25-1. Lard was 8 to 10 cents a cwt. higher. May \$11.70-72.

IT'S CONTAGIOUS

When someone speaks pleasantly to you, it is easy to answer in the same manner. It's really catching! Many, many times you form your impression of people—and they judge you—by the sound of the voice over the telephone.

The better the use you make of your telephone, the more its value is to you. Your Telephone Company wants the value of your telephone to be many times its cost.

Sam Breadon, Former President Of Cards, Dies Of Cancer At 72

St. Louis, May 10 — (AP) — Sam Breadon, 72, former president of the St. Louis Cardinals, died tonight.

Breadon died of cancer at 6:15 p.m. (CST). He had been ill at St. John's hospital since March 29.

Breadon, sold his interest in the Cardinals to Robert Hannegan and Fred M. Saigh in November, 1947. He is survived by his wife, formerly Rachael Wilson; a daughter by a former marriage, Mrs. Robert Lee Hedges of Monclair, N.J., and an adopted daughter, Janet, now Mrs. Robert E. Goss.

Breadon was born in New York City, July 26, 1876 of Scotch-Irish parentage and grew to young manhood there. He moved to St. Louis around 1900. He once explained the move: "there seemed more opportunity in the west."

He originally invested \$200 in the Cardinals ball club "as a favor to a friend." When he sold his interest in 1947 he received a reported \$3,000,000 for his holdings. Since then he has been concerned in St. Louis real estate business.

In the 27 years he controlled the Cardinals the team won nine National League pennants and six world championships.

In addition the farm system first was introduced into baseball by Breadon and his astute assistant and general manager, Branch Rickey.

This system, whereby Major League ball clubs either contribute to the support or own outright Minor League clubs, has had a twofold effect: 1—It was a salvation of Minor League clubs in depression years. 2—It put Major League clubs on an even basis in obtaining players.

At its height this "chain baseball" system included 16 teams owned outright and 12 others with which the Cardinals had working agreements.

Kazak Setting Hot Pace In Spite Of Plastic Elbow

By JACK HAND

New York, May 10 — (AP) — As Eddie Kazak, the St. Louis Cardinals rookie batting star, combed his hair in front of the clubhouse mirror, you noticed he didn't straighten his right arm.

"What's with the arm?" a reporter asked.

The 28-year-old grinned weakly and said, "that's what everybody asks."

It seems the greater part of Kazak's right elbow was shot away by a blast of shrapnel one dark night near Brest, Eddie was an infantryman in World War 2. After that night he spent a year and a half in army hospitals.

They rebuilt the elbow, using plastic materials but told him not to play ball. He still can't straighten his arm all the way.

"It might lock," they said, "then no operation could straighten it."

Went Back To Cards

Naturally Kazak played ball, anyhow. He went back to the Cardinals chain where he played before the war. The Cards bought him for \$1,000 from Valzosta, Ga., in 1940 and he had moved up as far as Houston before he joined the infantry.

The first year he went to spring training, he almost had to quit. The elbow didn't respond and he couldn't throw. But little by little, the soreness worked out.

Chances are Kazak never will forget his first big game homer. It came yesterday off Joe Hatten with the bases loaded at Ebbets field. The homer and an earlier double helped Kazak boost his batting average to .397, tops in both majors.

Kazak is the one bright spot in the dismal early showing of the Cardinals. He hit safely in 11 straight games until stopped by the Giants' pitchers over the weekend.

Breadon's first business venture was the vending of popcorn during the St. Louis World's Fair in 1904. He talked a popcorn manufacturer into giving him about 40 cases on credit.

As on most of his important days — it didn't rain. The parade on-lookers bought his popcorn and he came up with his first profit, \$35.

From that he moved into the automobile business, first selling secondhand white steamers, then going into partnership with a friend, Marion Lambert, in selling Ford automobiles.

After a couple of years Breadon bought out Lambert. He stayed in the automobile business until the late 1930's when he gave it up to devote all his time to his vast baseball organization.

WINNERS IN TRIANGULAR TRACK MEET

Track Coach Art Yates can well be proud of his ISD thinculds this season. His boys have finished out of first place in only one meet this year. They won third place money in the 19-team JHS invitational track carnival last Saturday. The Tiger runners came back with a burst of speed yesterday afternoon to swamp the local high school and Mt. Sterling squads in a three-way affair.

The Tiger trackmen, pictured are front row, kneeling—left to right: Hoover, Buck, Musso, Paul Montfort, H. White, Halstead, G. White. Second row: Helmersen, Liedberg, Villani, Tuchman, Carlsstedt, Yates, E. Raffel, Kwiat, Ellis. Third row: West, Hajdukowicz, Early, Franco, Merriman, L. Raffel, and Coach Yates.

Eddie Arcaro Will Ride Palestinian In The Preakness

Baltimore, May 10 — (AP) — The cream from the Kentucky Derby is on the grounds at Pimlico today ready for the second leg on the triple horse race crown.

Five of the 11 starters at Louisville have arrived and they're enough to assure a crack field for the Preakness.

Only the best came up from Kentucky. They were the first four and seventh colts across the Derby line.

All that remains now is for the outsiders to come in and determine the size of the field. The best guess now is that it will be around ten.

Each starter will throw another \$2,000 into the oval pot, which now stands at \$101,870.

The train from Louisville today brought in Calumet Farm's derby winner, Ponder, second place Capot, and Model Cadet, the seventh finisher last Saturday. They joined Palestinian, the derby show colt and fourth place Old Rockport, both of which arrived yesterday.

Arcaro on Palestinian

Trainer Hirsch Jacobs promptly announced a change of riders for Palestinian. He hired Eddie Arcaro to make the Preakness ride. Headley Woodhouse was up on Palestinian in the derby.

Arcaro was left without a mount when Fred Hooper decided not to run Olympia in the Preakness after the thoroughbred finished sixth at Churchill Downs. Arcaro will be after his third Preakness victory.

But a new pacesetter to replace Olympia may have been found yesterday in Noble Impulse. The Crispin Ogleby colt demanded consideration by setting a new Pimlico track record for a mile and a sixteenth in the survivor stakes. That's two sixteenths short of the Preakness distance.

Noble Impulse was clocked at 1:42.20 for the mile and a sixteenth, the old record, and he did it while winning by five lengths. Trainer J. P. Jones said afterwards Noble Impulse would start Saturday if the track is fast.

This would try to discover the cause and cure for what Senator Tohey (R-NH) called "this hellish disease."

Mrs. Gehrig told how amyotrophic lateral sclerosis—a disease akin to multiple sclerosis, only it killed as weeks faster—cut down the New York Yankees' first baseman in his prime. The disease causes hardening of the spinal cord, resulting in muscular wasting and paralysis.

"I am not an expert," Mrs. Gehrig began, "but it is a tragic fact that my testimony on this subject is almost as authoritative as that of any doctor in the land."

A quarter of a million people in the U. S. suffer with this little understood disease, she said. And these people usually are young, between the ages of 20 and 45, when it strikes.

Weatherman Says Lack Of Rain Not Hurting Farmers

Springfield, Ill., May 10 — (AP) — Lack of rainfall isn't hurting Illinois farmers, the weather bureau said today.

There was a lot of sunshine and very little rain during the week ended yesterday—favorable factors in promoting field work.

Most of the ground now has been prepared for corn and soybean planting, the weather bureau reported. From five to 10 percent of the corn crop has been planted but many farmers are holding off until May 15 to avoid corn borer damage.

Winter wheat is making progress and commercial fruit generally shows good growth. First picking of strawberries occurred in the Cairo area.

Moose, Blueboy Nines To Play Benefit Game

The Illinois College baseball club will play the Jacksonville Moose in a benefit contest \$300.

Since DeLaPaz had just entered the college and had no time to take out insurance, and since the injury did not result from varsity athletic competition, he was stranded bereft of financial protection.

Illinois College students Joe Hill and Sam Spink organized a student benefit drive which netted the \$62.

Now the students have expanded their efforts into Jacksonville and ask local citizens to aid in the venture.

Miller announced that Illinois College baseball players would be asked to pay their way into the game. He also stated that if any student felt he could not buy a ticket for the game, he would personally advance that student the necessary funds.

DeLaPaz is from Chicago.

J. J. as he is known to IC students came to the local college campus in the spring term. He was billed as great backfield timber for Miller's varsity football team and had started grid workouts when the accident happened.

Attempting to slide into third base during a softball game, DeLaPaz hooked his spikes in the canvas and a serious break in his right leg resulted. After a week's treatment the injury has developed into rather

serious complications which will run the boy's doctor bill upwards of \$300.

Junior Softball Squad Wins Contest With Litterberry

Clint Arenz' Coca-Cola Junior softball squad journeyed to Litterberry last night and brought home a 6-3 win over the Litter-club. It was the second win of the season for the Jacksonville youngsters.

Both nines collected 5 safe blows off the fingers. Loose play in the Litterberry infield contributed greatly to the locals' win. Four errors were counted against the host nine.

Ruel of Litterberry notched one of the enemy runs when he blasted a circuit clout in the fourth inning.

Hichew hit the longest ball for the Jacksonville team when he tripled in the second frame.

Battery for the Coca-Cola squad was Lair and Stenbach on the hill with Steward behind the plate.

IC Trackmen Place Third In Millikin Meet

The Illinois College trackmen came home with a third place for their efforts after competing in the Millikin, McKendree, IC three-way track meet at Decatur yesterday afternoon.

The Blueboy cindermen garnered only 14 points for their afternoon's work. McKendree won the meet with a total of 804 points. The host squad, Millikin, ran a close second to the winning crew when they showed a 744 point tally at the cessation of hostilities.

Olson, IC miller, helped break a track record in that event. He came pounding home behind Siders of Millikin who circled the track in 4:40.5. Four other track records were smashed during the meet.

Gil Rhea placed in both the javelin throw and shot put to add a few points to the IC total. Harshman ran fourth place in the mile and Kuznelman placed in both the high and low hurdle events for the Blueboys. Christenson, although suffering from a pulled leg muscle, scored for the locals in the high jump.

Yankees Use Hits And Walks To Beat Detroit 6 To 1

Detroit, May 10 — (AP) — The New York Yankees combined six timely hits with seven walks today to hand the Senators a 6-1 decision over Hal Newhouse and the Detroit Tigers.

Reynolds yielded six hits and five walks. But the Yankees came up with four double plays to nip some Tiger scoring threats.

Newhouse was knocked from the box in the ninth for the second time in a row.

Johnny Groth of the Tigers went hitless in four official times at bat, making it three games in a row that he has failed to get a hit.

Teachers' Union In Gary To Strike For Higher Wages

Gary, Ind., May 10 — (AP) — As the school year neared an end a spokesman for Gary Teachers, members of an AFL-Teachers' union, today told of a threatened work stoppage.

William P. Swan, president of the Union local, said 350 members had voted at a closed meeting to put into effect Monday, June 6, a work stoppage unless a satisfactory agreement is reached before that date on demands for a pay increase.

Swan said 90 per cent of Gary's 678 teachers are union members.

The teachers ask that the minimum yearly salary be raised from the present figure of \$2,613 to \$2,800 and that maximum be increased from \$4,300 to \$4,800.

Swan said these demands were outlined at a meeting with the school board two weeks ago, but that board members said they could give no definite answer until they learned how much the state would contribute toward teachers' pay. The State government turns over to local school authorities a share of certain state-collected revenues.

CM&O Authorized To Discontinue 2 Alton Route Trains

Chicago, May 10 — (AP) — The Illinois Commerce commission today authorized the Gulf, Mobile and Ohio railroad to discontinue operation of two of its daily trains between Chicago and St. Louis.

The railroad, known as the Alton route, will consolidate its midnight and advanced midnight trains from both cities. Under the new schedule, one train will leave Chicago at 10:25 p.m. (CST), the other from St. Louis at 10:45 p.m. (CST). Previously separate trains left Chicago at 11:30 and 11:59 p.m., and St. Louis at 11:45 p.m. and 12:30 a.m.

The commission authorized the railroad to pay extra compensation to employees laid off by the merger.

A railroad spokesman said public notice will be given before the new schedule goes into effect.

The Gulf Mobile and Ohio estimated it will save \$231,073 annually by the move.

By Dick Turner Chicago Trees Are Expensive

"Chicago—(P)—A big department store planted six Moline elms on State St. in the fall of 1947. It wasn't easy. Six pits, each five feet long, five feet wide and five feet deep, were built in the sidewalk. Each one was equipped with a drain, filled with soil on a floor of crushed rock, and covered with a grate."

The skinny trees began a struggle for survival against soot, fumes and an unhealthy environment. The subway rumbles underneath. Streams of pedestrians pass on one side. Lines of automobiles and buses roll by on the other. There is also a steady flow of advice from curbstone coaches.

"Glad to see you dropped those trees in paper to protect them."

"Take that paper off. It's smothering them."

"They need more water."

"Too much water. You want to drown them?"

One lady rushed up to the waiting room, snatched a sheet of free stationery and put down these hot words: "I don't believe it does your store any credit to let these trees stand here and die. If you can't do something, take them out."

She was informed: "We are spending time and money to get these trees established. We have retained one of the best nurserymen in the Midwest. He examines these trees almost daily and prescribes for them much as a doctor would."

"To get these trees established"—and they are deemed to be in good shape—has cost more than \$1,000 per tree to date.

The grates were sealed recently to keep out salt strewn on the sidewalk in winter. It also stopped a trickle of coins that rolled down the holes. That ended the store's only chance to get a cash return on its investment.

INFANTILE PARALYSIS CALLED MULTIPLE DISEASE
San Francisco—(P)—Everybody gets infantile paralysis at one time or another, not just once, but several times, on each occasion with a different type or strain of the disease virus, says Dr. William McD. Hammon of the University of California.

Dr. Hammon says that whether a person gets sick from the infection probably depends mainly on how much virus he has absorbed, whether he has exercised heavily, is tired or chilled and whether he has had an operation on his nose or throat. There probably also are some undiscovered reasons why the infection turns virulent. In women, pregnancy may add to the hazard.

For each different infection a person acquires an immunity which protects him against future invasion of those same kinds of virus. But polio virus strains are changing continually. It would be impossible to make enough vaccine from all the strains to protect people against them all. For that reason vaccination doesn't look very promising, Dr. Hammon says.

Board Passes Loop Paving Project To City Council

Exeter Girl Weds Valley City Man In Rites Sunday

Miss Ella Mae McDannald, daughter of Mr. and Mrs. Julius McDannald of Exeter, became the bride of Harold E. Davis, son of Mr. and Mrs. George Roberts of Valley City, in a beautiful double ring ceremony at the home of the groom's aunt, Mrs. Leona Ellis, at 8 o'clock Saturday, May 7.

The couple exchanged vows in the living room decorated with large baskets of flowers.

The attractive bride was attired in a powdered blue street length dress with white accessories. Her hat was of blue flowers trimmed with small white flowers.

The groom is employed by the Thomas Smith Orchard, Inc., and spent two years in the service of his country with the U. S. Navy.

Mrs. Thelma and Clarence Hatcher were the couple's attendants. Both the ladies chose white roses as their corsages.

The men wore business suits and chose white carnations.

The bride carried a white Bible with small roses and her only jewelry was a two strand pearl necklace. Both necklace and Bible were gifts of the groom.

The Rev. James K. White performed the ceremony. After the ceremony a large five layer wedding cake was served with ice cream and punch.

The couple will reside in Valley City.

Those attending the wedding were as follows:

Mr. and Mrs. Arthur Sarver and children of Peoria, Mr. and Mrs. Luther Roberts of Pittsfield, Mr. and Mrs. Julius McDannald, Mrs. Gladys Jackson of Exeter, Mr. and Mrs. Harold Doyle, Mr. and Mrs. Harry Claught and daughter, Mr. and Mrs. Ben Roberts, Carol and Margie Lynn of Griggsville, R. E. McDannald, Miss Imogene Imboden, Jeanette Danner of Jacksonville, Mr. and Mrs. Allan Rick of Burlington, Iowa.

Mrs. Edna Ellis, Mr. and Mrs. Ed Sarver, Sr., Mr. and Mrs. Jesse Danner and son, Tom, James Danner, Mr. and Mrs. Buckle Cumber, Ruby Metz, Mrs. Jean Hatcher, Hestella Roberts, Eddie Sarver, Jr., Mrs. Leona Ellis and son, Leona, Mr. and Mrs. George Roberts, Mr. and Mrs. Clarence Hatcher, Mrs. Max Roberts and Mrs. Oia Roberts of Valley City.

One Fined \$40.00, Second Defendant Freed Of Charges

John Spaulding was found not guilty Tuesday when tried before County Judge Paul Fenstermaker on a charge of disorderly conduct.

Raymond Crowder, also named a defendant in an information charging disorderly conduct after the men are said to have engaged in a fight early Sunday morning, had entered a plea of guilty Monday. After discharging the Spaulding case, Judge Fenstermaker fined Crowder \$40 and costs, a total of \$63.40.

The information against the two men were filed on complaint of E. B. Caulfield of the Serve-Rite cafe, where the incident occurred.

Both men and several witnesses to the encounter testified Tuesday. Spaulding, testifying in his own behalf, claimed that he was sitting at the counter when he was struck.

Pi Kappa Delta Chapter At I. C. Holds Initiation

The formal initiation of six new members of the Illinois College Phi chapter of Pi Kappa Delta, national forensic fraternity, was held Tuesday night at David Smith house, following a dinner at Baxter hall.

New members included: Mary Ellen Broge and Charles Baldwin, degree of fraternity, order of orator; Fred Wittekind, Edward Elverston and Roland Krizenecky, degree of fraternity, order of debate; and Robert Smith, degree of honor, order of debate.

The initiatory service, the second to be held on the campus, was conducted by the regular members of the fraternity. They include Peggy Foreman, president; Nancy Fernandez, Dick Mills, all of Jacksonville; Don Polzin and William Shaeffer.

Besides the regular members and their sponsor, Lloyd P. Dudley, special distinction member of the fraternity, the event was attended by Chaplain Daniel Kern, a member of the order of debate and Dr. John S. Wright and Dr. H. Gary Hudson, honorary members of the chapter.

Two Committees Appointed For Cass 4-H Fair

Virginia—The Cass County 4-H fair committee met on Tuesday evening May 9 and the following committees were appointed:

Amusements: Chester Heidbreder, Ed Whitfield and M. M. Craft. Grounds, concessions, displays and livestock show — Steve Treadway, Junior Collins, Robert Virgin, David Dodds and John Knight.

The chairman of the finance committee is James H. Massie. The fair is to be held in August and plans are being made to have a much larger and more interesting fair than in past years.

Quota Exceeded—The eastern part of Cass county went way over the top with the Red Cross Drive with a total of \$1,871.09 collected. The chairman J. S. Haywood and all the workers were very well pleased with the results.

The totals for the sections in the eastern part of Cass county follows: Virginia, \$555.13; Virginia township, \$164.80; Sangamon Valley, \$155.25; Panther Creek township, \$24; Philadelphia, \$18.25; Philadelphia townships, \$207; Newmansville, \$33; Chandlerville, \$475.04; and Ashland, \$227.07.

The workers exceeded the quota by \$871.09.

PRaises 'GENUINE COMMUNITY SPIRIT'

A visitor from France inspected the new Legion Memorial building at Waverly, which was dedicated in a public ceremony held there last night, and was happy with what he saw.

He joined the "chow line" of the noon-day hot lunch which is served daily to the grade and high school students. Later he observed that a rich community spirit is probably the greatest help an educator can have in his work.

Jean-Jose Valette of Paris, France, who is touring sections of the United States upon the invitation of the National Education association, declared:

"The people of Waverly have built a much needed community center. It is well designed and can be used for nearly every social function. Best of all, it is being used. The cooperation of the people of this area provided an ideal place and has furnished it to the schools in connection with the hot lunch program. No see such genuine community spirit is very fine."

Standing at the left is Forrest Oates, superintendent of the Waverly district, and Mr. Valette reaches for a container of milk. At the right is Morgan county Superintendent of Schools John Deem is shown getting his plate: meat loaf, boiled potatoes, gravy, peas and buttered bread.

Merle Shaad, senior vice commander of the Illinois department, American Legion, was the principal speaker at last night's dedicatory ceremony, which was attended by a large number of visitors from Auburn, Jacksonville, Azenzville, Virgen and other nearby spots.

Frank Robinson of Jacksonville was in charge of a service which dedicated a clock given in memory of Sgt. David Strawn, who was killed in action on the European front.

Reveal Betrothal Of Michigan Girl And Hillview Man

Carrollton—Mr. and Mrs. Alford Knapp of Reed City, Mich. are announcing the engagement and approaching marriage of their daughter, Lillian Gertrude, to George W. Powell, Jr. of Lansing, Mich., son of Mr. and Mrs. George W. Powell of Hillview. The wedding will take place June 25 in Reed City and Miss Sophia Powell of this city, sister of the groom, and Attorney L. K. Hubbard of White Hall will go to Reed City where they will be members of the bridal party, Miss Powell as a bridesmaid and Attorney Hubbard as the best man.

Miss Knapp received her degree from the Kalamazoo Teacher's College in Kalamazoo, Mich., and is employed as a kindergarten teacher at the Central grade school in Traverse City, Mich. Powell graduated from the White Hall high school and served during World War II in the Pacific area with the U.S. Navy. He is now employed by the state liquor commission in Lansing, Mich.

To Address Class—Miss Martha Connole, attorney from East St. Louis, will give the high school commencement address on the evening of Wednesday, May 25 in the school gymnasium. Miss Connole is a former Carrollton resident, the daughter of the late Mr. and Mrs. Anthony Connole of this city.

Also on the 25th at 2 p.m. in the school gymnasium the eighth grade will have its graduation exercises with the Rev. Marshall D. Ulm, pastor of the local Methodist church, delivering the address.

Marriage Licenses—County Clerk Dwight Connors issued marriage licenses Sunday to William C. Fry, Jr., and Miss Louise Suttles, both of White Hall, and to Russell Morrow and Miss Janet Lee Andrews, both of Greenfield.

JHS Choral Groups Select Officers For Coming Year

The members of the Jacksonville high school choral groups Tuesday elected the officers which will lead the Treble Clef, Senior Choir, and the Boy's Glee club during the 1949-50 school year.

The officers elected to head the Treble Clef are: president, Silvia Plouer, daughter of Mr. and Mrs. Francis Plouer; vice-president, Nancy Gibson, daughter of Mr. and Mrs. Hugh Gibson; secretary, Mary Ruth Hayes; treasurer, Betty Townesley; assistant secretary, Elizabeth Newberry; and assistant treasurer, Pat Hughes.

In the Senior Choir, Charles Grant, son of Mr. and Mrs. Wayne Smith, was elected president. Other officers are: Cynthia Caldwell, daughter of Mrs. Margaret Caldwell; vice-president and secretaries, Jackie Katz and John Walker.

Ruel Becker, son of Arvel Becker, was named as president of the Boy's Glee club. Gaylord Spotts, son of Mr. and Mrs. D. T. Spotts, is the vice-president. Wayne Peterson will be secretary, with Kenneth Retzer as assistant.

Study Increased Birthrate, Needs For School Space

Two members of the Research Bureau of the University of Illinois met with the Jacksonville Board of Education Tuesday night to consider school housing problems which have resulted from the increase in the local birthrate.

The two members, Dr. Edwin H. Reeder and Dr. M. R. Sumption, spent Tuesday visiting the schools. They checked on building capacities and enrollment trends. Last night they met with the local board and discussed methods of solving the situation.

An increase in enrollment has occurred already in the schools and further increases may be expected, since the Jacksonville birthrate increased 65% between 1942 and 1947. In 1942 there were 199 births; in 1948 there were 322.

First grade registrations which have been held this spring indicate there will be an increase of at least 50 beginners next fall. The two schools which are most crowded are Jefferson and Lafayette and Franklin is nearing capacity enrollment.

A matter related to the increase is the addition of a kindergarten program to the Jacksonville schools. The Board of Education has recognized the need for kindergartens for several years, but building facilities have not permitted the initiation of this work.

Three New Members—The Eastern Star of Winchester met Monday evening in the Masonic Hall. Mr. and Mrs. Irvin A. Campbell and Mrs. Lloyd Blackburn were initiated following the business session which was presided over by Worthy Matron Frances Crabtree. The serving of refreshments and a social hour followed the initiation.

Winchester Notes—Mrs. Martha Hammack of St. Louis was a weekend visitor with her mother, Mrs. Abbie Markkille.

Mr. and Mrs. Charles Jefferson of Pekin were in Winchester Sunday.

Miss Evelyn Evans of Peoria spent the weekend with her grandmother, Mrs. Will Evans.

Mr. and Mrs. John McCabe of St. Louis were visitors at the home of Mr. and Mrs. James McCabe over the weekend.

Arenzville Girls Elect Officers Of 4-H Clubs

Arenzville—Both Arenzville 4-H clubs held organization meetings recently at the Arenzville grade school. The Kookle Kutter club changed its name to the Busy Bees. Carolyn Anderson was elected president.

Barbara Witte was elected president of the Sew-and-So. Club members are:

Sew-and-So, Barbara Witte, Roberta Carl, Carolyn Peck, Karla Hart, Maxine Strickler, Marlene Joekel, Jean Beets, Carolyn Anderson, Donna McLain, Maxine Huppe, Donna Schone, Katie Nestradt, Althea Fricke, Vera Lovekamp, Maxine Schone, Imogene Lovekamp and Shirley Kleinschmidt.

Busy Bees, Eileen Brasel, Sharon Grant, Chantal Newberry, Kay Wesler, Beverly Beets, Donna McLain, Sara Grant, Carolyn Anderson and Karla Hart.

The senior class of Arenzville high school will present a three-act play, "Tons of Trouble," in the gym at 8 p.m., Friday.

Mr. and Mrs. August Hansmeier and daughters, Shirley and Carolyn, Edward Hansmeier, Mr. and Mrs. Elmer Roegge and sons, Melvin and Herman, Mr. and Mrs. George Dieren, Mr. and Mrs. Wilbur Dieren and Mr. and Mrs. Allen Dieren drove to New Salem Sunday for a picnic dinner.

John Brake and Mrs. Goldie Brake of Missouri are spending the week with Mr. and Mrs. Harry Coats and family.

Shirley Drake in 1979 went ashore in Martin county, California, and nailed a metal plate to a post, claiming that region for Queen Shalla.

Interment was in Baker cemetery.

Public Hearing Held Last Night; Majority Favors Present Plans

Pep talks on civic pride and obligations, pleas for economy, blanket endorsements, and doubts as to benefits the project might provide for certain properties were heard last night at a public hearing on the loop district paving and storm sewer project, before the Board of Local Improvement.

About 75 property owners and interested spectators were present in the circuit court room, where for two hours several city officials and engineers spoke in detail on the big improvement program, while citizens shot questions in their direction.

When at the close of the session, Mayor Hoagland asked for an expression by the audience by a show of hands. 22 hands went up in favor of the engineers' plans as outlined and four hands registered a negative vote. A number of property owners did not indicate their stand, keeping their hands in their laps.

As the property owners filed from the court room, the Board of Local Improvements adopted a resolution to proceed with the project, one of the most extensive municipal projects undertaken in a number of years. The loop pavement, if carried to completion, will provide reinforced concrete pavements in the place of the dilapidated wood block pavements which have been in service since 1917.

To Prepare Ordinance—The resolution instructed special counsel to prepare an ordinance providing for the proposed improvement, and that such ordinance be submitted to the city council, together with the recommendation of the board, which consists of Mayor Hoagland, O. H. Spaulding, superintendent of streets, and City Engineer E. M. Henderson.

The majority of citizens who spoke at the hearing recognized the need for a new pavement on loop streets, but a few raised doubt as to feasibility of engineering plans. Others said they are for the project without reservation.

Still others raised the question of whether a storm sewer and pavement project should be combined; whether it would be necessary to remove present sidewalks and curbs and replace them with new ones.

While the discussion at times grew spirited, no heated arguments developed. The officials set forth the plans from blueprints, and the citizens asked questions in good faith.

Project Deferred Twice—Mayor Hoagland opened the hearing with a statement on the history of the loop project, which he said was deferred on two occasions—first in 1941 at the request of the government because of a shortage in critical materials, and again last year after property owners raised objections on reducing the width of sidewalks. He said the plans have been revised to conform with the wishes of property owners as a result of the objections entered last year.

Hugh Gibson, first of many citizens to speak, said he has looked over the revised plans and is much pleased with them. "I go on record in favor of the present plans," Mr. Gibson stated.

Suggests Keeping Old Base—Harlan A. Williamson said that concrete was laid over the existing base on West College avenue between Sandy and South Main streets, and that this particular block has held up well under traffic. He questioned the advisability of tearing up the existing base under the wood blocks, pointing out that the present base might be used as a matter of economy. "I will go along with the prepared plans if the other boys want to," Mr. Williamson said.

One of the first questions raised by the audience was what proportion of the project would be paid from motor fuel tax funds and from special assessments against real estate.

Mayor Hoagland said the proportion is not known, and that this decision would be determined by the commissioner appointed to spread the assessment.

William J. Casler of the engineering firm of Casler & Stapleton, which prepared the loop improvement plans, discussed the suggestion that the present base might be utilized, stating that the Illinois Division of Highway would not permit this to be done. The engineer said that tests have shown that the compressive strength would not be sufficient to withstand heavy traffic. He said there is considerable difference in construction of the block of pavement on West College avenue between Sandy and South Main, and the base under the wood block streets.

Doubts Base Strength—Mr. Casler said the city cannot take a chance on building an inadequate pavement, and declared the base of the old pavement "is nothing like that now being built by the state department."

Belief that a good base must exist under the wood block pavements was expressed by C. H. Swaby, who said moisture causes the wood blocks to expand and buckle, and water does not penetrate through the base.

At this point Mayor Hoagland told the audience, "if we are going to do the job, let's do it right." He said the wood block pavement was put down in 1917, and he believes everyone recognizes the need for replacement.

P. H. Lonergan raised the question of how the proposed storm sewer, which accompanies the paving plans, would benefit his property.

Engineer Stapleton pointed out that storm water threatens to overload the disposal plants, and that water from the loop area should be drained into a storm sewer. Other-

wise, additional treatment facilities might be necessary in the future at an additional cost to taxpayers, Casler asserted.

Would Keep Good Walks—N. N. Noudett told the Board of Local Improvement that the sidewalk on South Sandy street is in good shape, and that he "cannot understand why good walks would be destroyed and be replaced with new ones." He also asked why the estimated cost of the present plans is considerably more than when the project was up before.

The engineer replied by stating that as much sidewalk will be salvaged as possible, but that replacement is necessary in some places to preserve grade.

Attorney W. R. Bellatti, special counsel for the loop improvement, explained that the original plans were prepared in 1946 and that cost of some material has risen; also that a two inch fiber concrete for boulevard lights was included in present specifications at the request of property owners.

Mr. Williamson again addressed the group, pointing out that the curb on South Sandy street is in good condition.

Proportion May Change—Questions persisted as to the probable ratio of motor fuel tax funds and special assessments. Mayor Hoagland said that the basis last year was 61 per cent motor fuel tax funds and 39 per cent special assessments, but that the proportion this year has not been determined, and will be done by the commissioner.

Mr. Williamson posed a question as to whether Jacksonville should accept motor fuel tax funds and be forced to conform to specifications of the state highway department, or finance the entire project by assessment along lines acceptable to the property owners. The mayor explained that Jacksonville has pioneered the use of motor fuel tax funds in conjunction with assessments in improving streets.

Mayor Asks Support—Mayor Hoagland then engaged in an appeal to property owners to support the project, which he said is badly needed. "We owe something to Jacksonville—let's build something that future generations will look upon with pride," explained the mayor.

"If we set this project back, what are we going to do with these streets in the meantime? Some of the streets are actually dangerous. We can't sit still on this thing. We have pulled it back twice already. We can do this job this year if we get behind it. If we pulled back again it would be a big mistake."

Edward Bargery, Jr., spoke in favor of the project, stating that the property owners want one hundred cents value for every dollar expended.

"We should all get together and go ahead," Charles DeSoto asserted. "Some of us have lived here a long time, and we should leave it a better place when we leave than when we came."

Would Benefit Property—Ben Montee, speaking for the Fox Theater Corp., announced that for the improvement one hundred per cent expressing belief that it will benefit his company's property.

Cloyd DePrez of the Trades & Labor Assembly said "the only thing we are asking is that you do a good job."

Attorney Edward J. Finn asked several questions regarding the city officials' opinions as to what the assessments against property might be. Mayor Hoagland said he had no assurance of the amount of the assessments, but that they probably would be substantially the same as last year, but that naturally there would be some variations.

J. Clarence Lukeman questioned the plans under which the storm sewer and pavement are combined in the same project. He said if the city is in need of greater storm sewer facilities, all of the taxpayers in the city should share the burden, rather than those in one particular area.

"I am in favor of the pavement, as it is badly needed," Mr. Luke-

man told the board, "but I am not willing to raise my hand on the two projects put together."

Others who asked questions or addressed the meeting briefly included Clyde Vasconcellos, Mrs. Proctor DePrez, Mrs. C. H. Hanfling, Mr. Leake, L. R. Craig and Miss Dolorita Topping.

In 1520, Magellan found South America's southern tip island "stark with cold" and he named it Tierra del Fuego (land of fire) because the natives had so many fires going to keep warm.

CORRECTION—The Illinois Power Co. ad in last Sunday's Journal and Monday's Courier offering a two weeks free demonstration of an automatic gas clothes dryer in your own home stated, through error, "with obligation." There is no obligation for water from the loop area should be drained into a storm sewer. Other-
